

Pre-K Program 2019-20

What is the HCPSS Pre-K program? The Pre-K program is a high-quality, early childhood instructional program. Students must be four years old by September 1, 2019 to be considered for enrollment. The curriculum supports early learning and school readiness and provides experiences that foster children's academic, social, emotional and physical development.

Is my child eligible for the program? The Maryland State Department of Education requires that the Pre-K program be made available first to students who meet first priority criteria: disadvantaged economic status, homelessness and foster care. If space allows, other applicants who demonstrate a lack of school readiness may be considered. However, if recent enrollment trends continue, it is unlikely children who do not meet first priority criteria will be accepted.

How do I apply? Applications are available at www.hcpss.org/school/pre-k-programs/ or at any school. All application information will be kept confidential and reviewed only by school staff. The school will review applications and supporting documentation and then invite students to be enrolled according to the criteria described above.

Where are Pre-K programs located? Pre-K is available to eligible students in all attendance areas (see <https://school.locator.hcpss.org/SchoolLocator/> for assigned school), but are only located at selected school sites. Pre-K students will attend the school to which they are assigned.
